

# Moovinator S Series Filter Receiver

- Tool free take apart
- Easy clean with line of sight to all process areas
- Vacuum or pressure convey duty

**HAF**

Process Equipment and Systems

# Moovinator S

Developed especially for use in process applications where fast change overs and sanitation are important. Moovinator S works in either pressure or vacuum convey systems and is the most economical solution for flexible process line operation. Hinged clean air plenum and tube sheet makes cleaning much easier. No heavy lifting of plenum-no loose parts to remove, its all self contained.

## Ergonomic

- Top loading filter media is easier.
- Tool free take apart
- No entry required for product zone cleaning
- Compact size-about %50 size of conventional filter
- Great for low headroom installations
- Exclusive velocity arrestor inlet increase convey rates
- Size range suitable for 2" dia to 5" dia convey line sizes

## Sizes to match your process rates

- Compact size with full size capabilities
- Fixed blow pipes-no removal required
- All access from top side-hinged clean air plenum and tube sheet
- TIG Welded
- Modular constructions suitable for different configurations
- Modular hopper options
- Filter bags-no cartridges required
